7 HABITS · HABIT 2 — BEGIN WITH THE END IN MIND

My Mission Statement

Alex Martínez Cobo

> My mission is to be a kind and respected person and to run my own businesses.

The values that guide me

Responsibility **Consistency** **Patience**

Responsibility means owning my decisions and their results. Consistency means doing the work every day, even when I don't feel like it — just like I did when I started training. Patience means accepting that big goals take time.
